

How to fold your quilt for the show:

Spread your quilt on a big table or a bed right side up. Have a pillowcase handy, or whatever cloth bag you are going to bring the quilt in. Your bag should have your name and the name of the quilt on it. (You can just safety pin a label with the information, if you do not want to write on your pillow case.)

Start folding from the end with the sleeve. Put the pillowcase on top of the quilt to see how big to make the folds.

Fold the quilt accordion style, making sure the sleeve is on top when you are finished. Then fold the quilt in three, with the sleeve in the middle, so when we open it up at the show, it is ready to put the rod through the sleeve and hang it.
