

Block of the Month Club – Block 9 – Four Patch Star Block

Cutting:

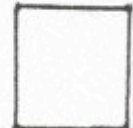

Light A: Cut 4 3 1/2 in square

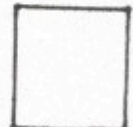

Light B: Cut 1 7 1/4 in square

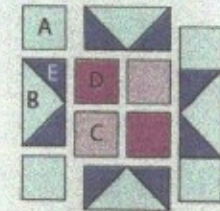

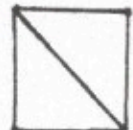

Light C: Cut 2 3 1/2 in square

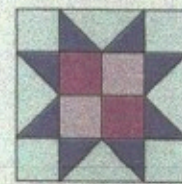

Medium D: Cut 2 3 1/2 in square

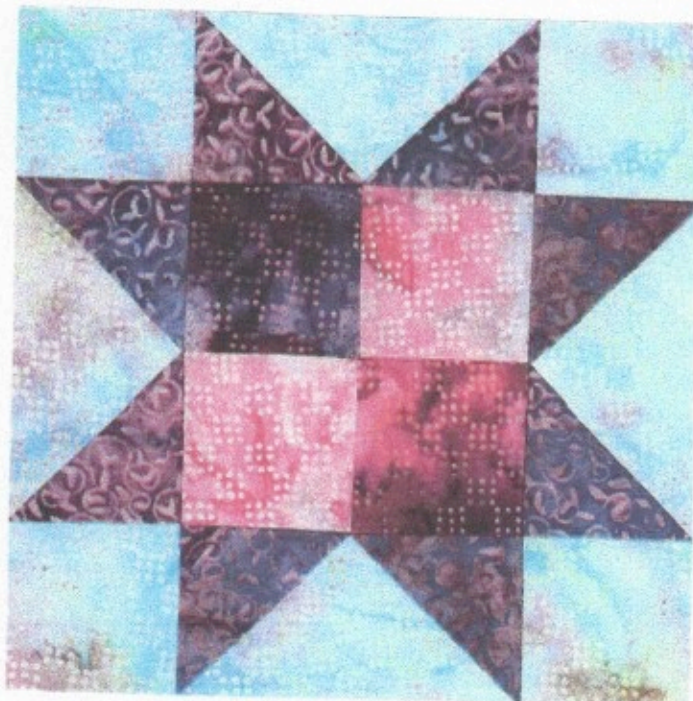

Dark E: Cut 4 3 7/8 in square

Block Assembly Diagram

Block Diagram

Assembly:

1. Cut pieces D and C and sew together to create the centre block. This should measure $6 \frac{1}{2}$ in square unfinished.
2. Cut 4 A background pieces and place on board or design wall. These are your cornerstones.
3. Create the 4 flying geese by cutting dark E squares and cut in $\frac{1}{2}$. Cut light B square in 4.
Next sew 2 E triangles to both sides of your B triangles. Press as you go and trim to match the measurements of your centre section.
4. Sew an assembled flying geese, 1 to the left and 1 to the right, sides of your assembled centre section.
5. Next sew a cornerstone A, to both ends of the top and bottom flying geese.
6. Sew the rows together to finish assembling your block.

Congrats! Another one done! We are nearing the finish line.

Keep sending pics of your completed blocks each month.
